## ANNEX I

Section 7.2 of the Annex to Regulation (EU) No 1305/2014 is replaced by the following:

**7.2. Change Management****7.2.1. Change Management Process**

Change management procedures shall be designed to ensure that the costs and benefits of change are properly analysed and that changes are implemented in a controlled way. These procedures shall be defined, put in place, supported and managed by the Agency and shall include:

- the identification of the technical constraints underpinning the change,
- a statement of who takes responsibility for the change implementation procedures,
- the procedure for validating the changes to be implemented,
- the policy for change management, release, migration and roll-out,
- the definition of the responsibilities for the management of the detailed specifications and for both its quality assurance and configuration management.

The Change Control Board (CCB) shall be composed of the Agency, rail sector representative bodies and Member States. Such an affiliation of the parties shall ensure a perspective on the changes that are to be made and an overall assessment of their implications. The CCB ultimately shall be brought under the aegis of the Agency.

**7.2.2. Specific Change Management Process for documents listed in Appendix I to this Regulation**

The change control management for the documents listed in Appendix I to this Regulation shall be established by the Agency in accordance with the following criteria:

1. The change requests affecting the documents are submitted either via the Member States or via the representative bodies from the railway sector acting on a European level as defined in Article 38(4) of Regulation (EU) 2016/796 of the European Parliament and of the Council (\*), or via the TAF TSI Steering Committee.
2. The Agency shall gather and store the change requests.
3. The Agency shall present the change requests to the dedicated ERA working party, which will evaluate them and prepare a proposal accompanied by an economic evaluation, where appropriate.
4. Afterwards the Agency shall present each change request and the associated proposal to the change control board that will or will not validate or postpone the change request.
5. If the change request is not validated, the Agency shall send back to the requester either the reason for the rejection or a request for additional information about the draft change request.
6. If the change request is validated, the technical document shall be amended.
7. If no consensus about the validation of a change request can be reached, the Agency shall submit to the Commission a recommendation to update the documents listed in Appendix I together with the draft new version of the document, the change requests and their economic evaluation and shall make these documents available on their web site.
8. The new version of the technical document with the validated change requests shall be made available at the site of the Agency. The Agency will keep the Member States informed via the Committee established in accordance with Article 29(1) of Directive 2008/57/EC.
9. If a change request would require a change of the legal text of the TAF TSI, the Agency shall send a request to the European commission to request a revision of the TAF TSI and/or request the technical opinion from the Agency.

Where change control management affects elements which are in common use within the TAP TSI, the changes shall be made so as to remain compliant to the implemented TAP TSI in order to achieve optimum synergies.

(\*) Regulation (EU) 2016/796 of the European Parliament and of the Council of 11 May 2016 on the European Union Agency for Railways and repealing Regulation (EC) No 881/2004 (OJ L 138, 26.5.2016, p. 1).'
